Google Chrome

INSTALLATION OF GOOGLE CHROME

Google Chrome is a free web browser that was developed by Google. The web browser Google Chrome allows Read and Write software to run.
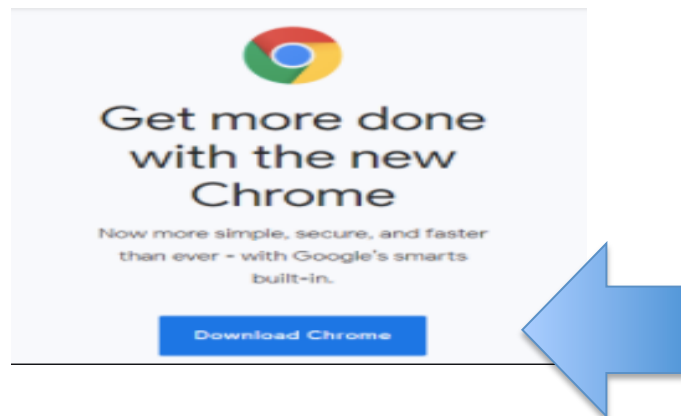

Installation of Google Chrome For Windows

1.Open the browser that already exists on your computer (i.e Internet Explorer Firefox

2. Enter website www.google.com/chrome
(Google Chrome will recognize the operating system that is being used and provide the correct download)

3. Click the download installation of Google Chrome by selecting Chrome icon located in the center of the page.

Get more done with the new Chrome

Now more simple, secure, and faster than ever – with Google's smarts built-in.

Download Chrome

4. If prompted, click Run

5. Start Chrome
   • Windows 7: A Chrome window opens once everything is done
   • Windows 8 & 8.1: A welcome dialog appears. Click Next to select your default browser
   • Windows 10: A Chrome window opens after everything is done
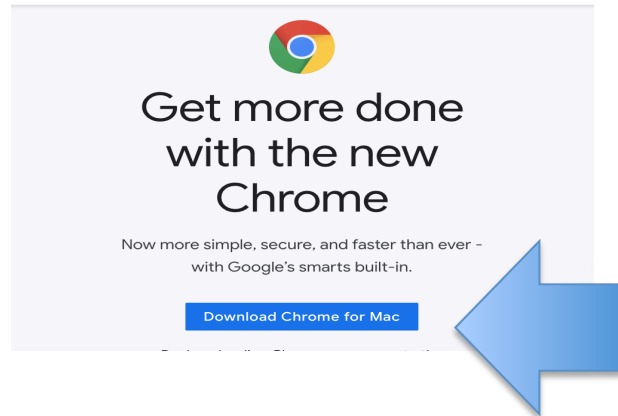

Downloading Google Chrome For Mac
