Thank you to everyone who responded to the Student Senate's examination survey regarding the new changes to the schedule. The survey closed on February 7 with 3005 responses from high school students from across the board. On February 24, at the regularly scheduled Senate meeting, the Student Trustee elections were held. The Senate was met by many wonderful candidates who each presented a speech. The two winning student representatives will serve the board during the 2020-2021 school year. The Senate is working on some exciting initiatives... coming soon!
