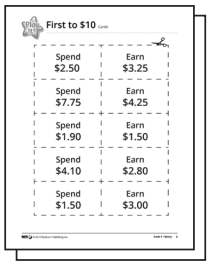
First to $100

What You Need

- First to $100 money ($1 coins, $2 coins, bills)
- First to $100 Spend and Earn Cards



How to Play

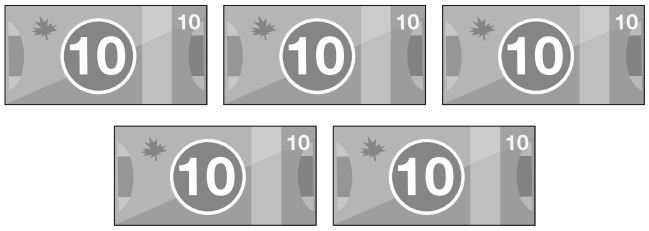
- Play in a small group. Choose a player to be the banker. The banker is in charge of trading and counting the money.
- Shuffle the Spend and Earn Cards and place them face down in a pile.
- Players start the game with $50 each. Take turns drawing a card.
  - If you draw a Spend Card, give the banker that amount. Trade coins or bills with the banker if you need to. If you don't have enough money, your turn is over.
  - If you draw an Earn Card, the banker gives you that amount.
- If you run out of cards, reshuffle the used cards and continue playing.
- The first player to have $100 or more wins.

Example

Nino draws a card:

Spend $25

Nino's money:



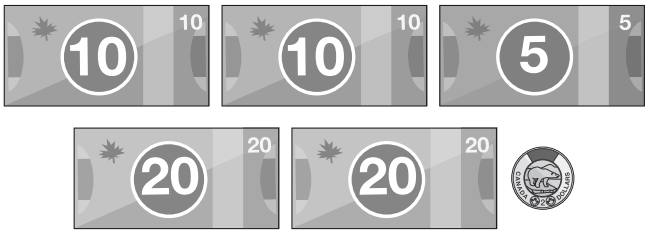
He trades one $10 bill for two $5 bills. Then he gives the banker two $10 bills and one $5 bill.

Nino now has $25.

On his next turn, Nino draws this card:

Earn $42

The banker gives Nino $42.
$25 + $42 = $67



Another Way to Play

- Play using Spend Cards only. Start with $100, and the first player to reach $0 wins.
